Prince Ofori

Back-End Developer

About Me

A passionate developer with a deep interest in cybersecurity, backend development, and ethical hacking. I love solving complex problems, building secure applications, and exploring innovative technologies. With experience in various programming languages and frameworks, I am committed to creating efficient, scalable, and secure digital solutions. My goal is to continuously learn and contribute to the ever-evolving tech landscape.

Skills:

|	
Ethical Hacking	90%
Social Engineering	87%
Python Script	95%
Python Programming	84%
Java Programming	92%

Education:

Bachelor of Computer Science
Kwame Nkrumah University of Science and Technology
Kumasi
2024 - 2027

Language:

English 94%
French 20%
